BACKGROUND

This memorandum provides additional information requested by Councilmembers Arenas and Jimenez during the May 8, 2019 City Council Budget Session regarding a demographic breakdown for the City of San Jose in the following categories: employed and unemployed residents, education levels, and outmigration.

ANALYSIS

The additional demographics information provides an update on racial and Hispanic/Latino ethnic breakdown of City of San Jose's population, employed and unemployed residents, unemployment, and education attainment levels of residents by their race and Hispanic/Latino origin.

The U.S. Census Bureau considers race and ethnicity to be two separate and distinct concepts. The Census Bureau defines race as a person's self-identification with one or more social groups. An individual can report as White, Black or African American, Asian, American Indian and Alaska Native, Native Hawaiian and Other Pacific Islander, or some other race. Survey respondents may report multiple races. Ethnicity determines whether a person is of Hispanic origin or not. For this reason, ethnicity is broken out in two categories, Hispanic or Latino and Not Hispanic or Latino. Hispanics may report as any race.

The additional material also shows net international and domestic migration flows in the San Jose-Santa Clara-Sunnyvale Metropolitan Statistical Area. Detailed charts are attached.

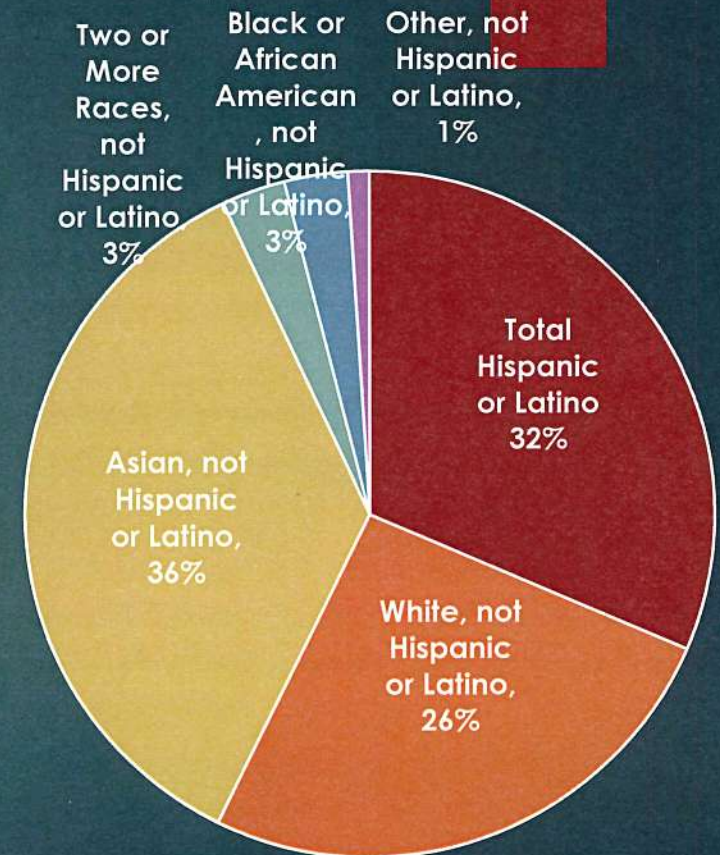

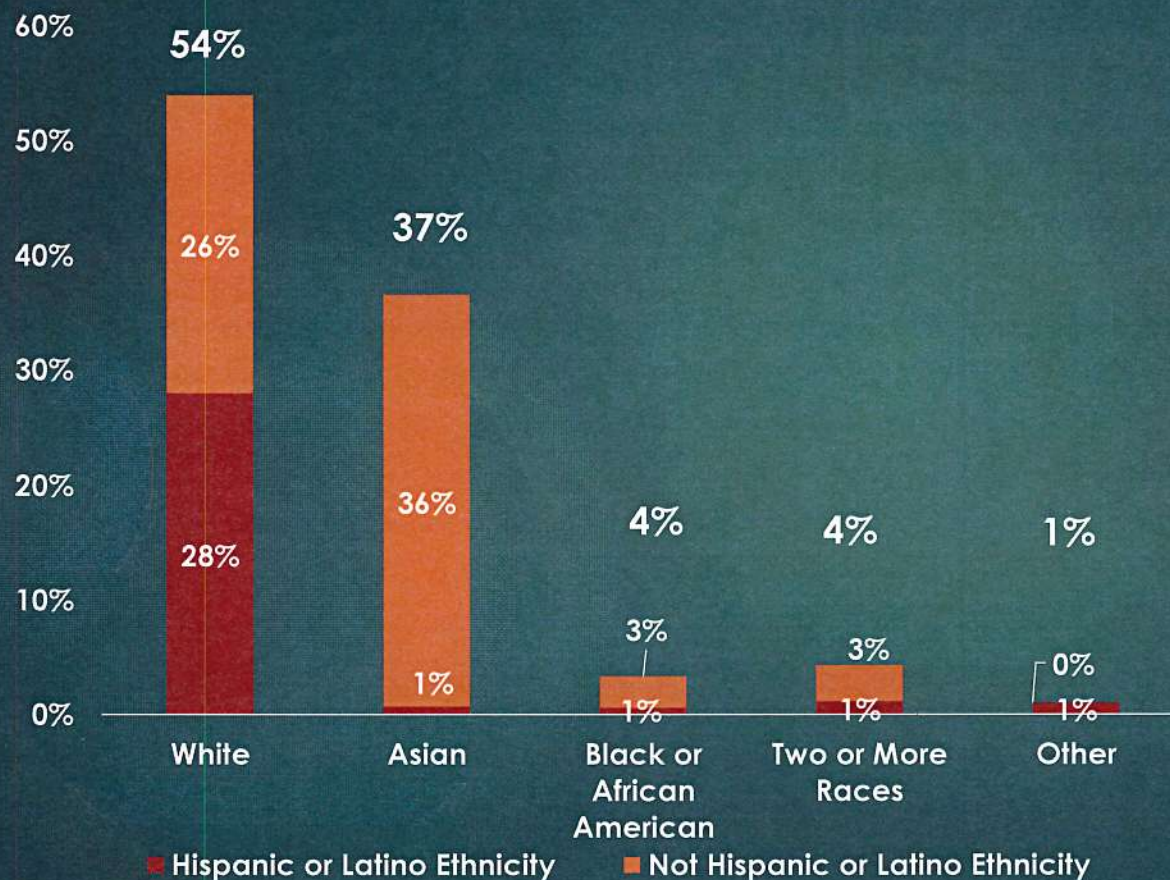

COORDINATION

This memorandum has been coordinated with the City Manager's Budget Office.
